As for the club itself, our commitment and dedication to the game's traditions while holding steadfast to the mission statement of world-class golf course conditions and quality, comfortable service have established Kinloch Golf Club as one of the finest private clubs in "the region and beyond."

What if it rains?

The championship will be played rain or shine. In the event of heavy rain, play may be suspended. In the event of suspension during play, **only players, caddies, scorers, standard bearers, and USGA officials** will be evacuated using strategically placed vans.

What if there is severe weather, including lightning?

The USGA intends to notify fans and volunteers in advance, if possible, of approaching inclement weather. Since providing shelter for hundreds of fans over hundreds of acres is impractical, the USGA will use a system whereby "Weather Warning" signs will be hung at all status boards when inclement weather is detected within a potentially dangerous range. Everyone else should seek shelter immediately.

Scout out the locations for shelter on the golf course before heading out on the course. Know where to go beforehand because time could be of the essence in finding a safe place. If you are caught on the course and there is no shelter nearby, consider the following tips:

- Do not stand under tall trees or sit in a golf cart.
- Do not stand under a lone tree, even a small one.
- You should not stand near a golf cart.
- Stay away from water.
- Do not wear spiked shoes; we suggest sneakers.
- Do not raise your umbrella
- If stranded in the open, go to a low place such as a ravine or valley or the lowest spot.
- The clubhouse may not be available based on building capacities.
